

5% DAY APPLICATION

Whole Foods Market's Store Level Giving Program is dedicated to helping nonprofit organizations in our stores' local communities that have limited budgets and big hearts. Our giving program supports organizations that address community issues, such as: hunger relief, environmental concerns, organic and sustainable agriculture, animal rights and welfare and social services. Our focus is to support innovative groups that strive to make the world a better place. To us, a better place is one where the environment is preserved and replenished, communities are strong, health is a priority, organic farming is cherished, and where all living beings are respected.

The Whole Foods Market Giving Program does not provide monetary funding for religious organizations, public schools, large educational institutions or politically affiliated groups. However, there are opportunities for in-kind support for these groups with our donations/sponsorship programs. Please see store for more details.

The Whole Foods Market Giving Program typically does not provide any form of support, monetary or otherwise, to organizations with annual budgets exceeding \$1 million; organizations whose administrative costs, or overhead, exceed 15% of their budget; organizations that directly test on animals; organizations that discriminate in any form; organizations who use harassment, intimidation or other "militant" actions to communicate their messages.

ABOUT 5% DAY

Whole Foods Market created 5% Days to give back to our local communities by providing support to nonprofit organizations whose programs directly benefit the communities surrounding our stores. 5% Days are held quarterly in each store. On this special day, selected organizations receive 5% of a store's total pretax sales for that day.

The success of a 5% Day depends largely on the participation and commitment of the designated non-profit organizations. Designated organizations sign a contract with Whole Foods Market committing to a significant level of promotional support surrounding the 5% Day. The more people who shop our stores on that day, the greater the donation to the nonprofit organization. So, we require that the nonprofit group promote the 5% Day through press releases, ads in community papers, flyers, in-store bag stuffers, public service announcements on local radio stations, and newsletters and/or email communication with their members and supporters. Our stores also assist in promoting the event, but we have found the greatest success stories revolve around the level of commitment shown by the organization the 5% Day is meant to benefit.

Organizations that are eligible for a 5% Day must meet our giving guidelines, tend to have annual operating budgets between \$500,000 and \$1 million, and must have a substantial membership and the ability to communicate with that membership. Organizations can only be selected to participate in a 5% Day once every two years. Applications received stay in our system for one year.

To apply for a 5% Day, please complete the application on the reverse side of this page. Incomplete applications will not be considered for a donation. Attach your organization's 501(c)(3) form, Mission Statement and a list of current programs. Once approved, you will be required to complete a 5% Day Contract, which details your promotional commitment to this program. Organizations that are approved will be contacted. Due to the high volume of applications, unsolicited phone calls will not be returned.
